

**The musée Granet has been awarded
TOURISM & DISABILITIES label in 2022**

 **RÉPUBLIQUE FRANÇAISE**

François-Marius Granet (1775-1849).

For visitors with mobility impairments :

- all the museum's exhibition areas are accessible by elevators.
- wheelchairs and folding chairs are available at the museum reception desk upon request.
- persons with reduced mobility can access the museum at the rear of the building, 18 rue Roux-Alphéran.

For hearing-impaired and deaf visitors : all guided-tours are facilitated by the use of headsets equipped with a magnetic induction-loop system (T function).

The musée Granet offers special guided tours with partner organizations :

- tactile learning.
- sensory tours.

For visually impaired and blind visitors :

- tactile interpretations of the works created and sponsored by EssilorLuxottica workshops are available in the early and classic painting gallery (on the ground floor).
- A Braille and audio description accompanies all tactile devices.

EssilorLuxottica

For people with intellectual disabilities, we offer :

- tours adapted to adults or children.
- painting, drawing or sculpture workshops.
- educational tools inspired by the museum's art collections.
